PT ARTHA INTEGRA OTOMASI

Electric EcoXpert for BMS, Building Management Systems and procurement services for national and multinational corporations.

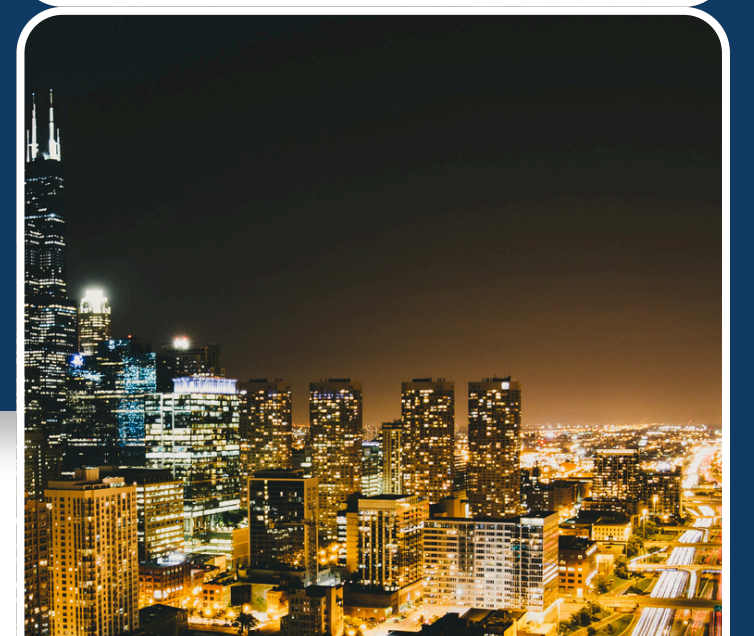

www.artha-io.com

Our Profile

As a certified Schneider Electric EcoXpert for BMS, PT. Artha Integra Otomasi focuses on delivering specialized Building Management Systems and procurement services for national and multinational corporations.

Founded by a core technical team with more than a decade of hands-on experience in Building Automation, PLC, and integrated control systems, we bring deep-rooted engineering expertise to this independent entity. Our company prioritizes sophisticated BMS integration — combining our established track record with certified technical solutions to optimize modern building performance across Indonesia.

COMPANY HISTORY

2014 The core engineering team began its journey within a well-established national building automation and engineering services company — driving complex BMS and industrial automation projects across Indonesia for over a decade. 2026 Following a decisive organizational split, our leadership and technical veterans established PT. Artha Integra Otomasi to protect our technical integrity and ensure clients continue to receive high-level engineering supervision and specialized expertise.
